JONBUOY RESCUE SLING

OCEAN SAFETY®

Ocean Safety,
Saxon Wharf,
Lower York Street,
Southampton,
SO14 5QF, UK.

www.oceansafety.com

The Jonbuoy Inflatable Rescue Sling is specifically designed for the quick and easy recovery of a waterborne casualty. Packing neatly into an easily stowable soft or hard case, the versatile fitting allows it to be attached to any suitable boat or land based fixture. The weight of the pouch allows an accurate throw to the casualty of up to 36metres. Upon contact with the water the sling automatically inflates and comes with retro-reflective tape and automatic light as standard. Safe working load of 175kg.

New for 2019, the rescue sling has undergone a transformation, now featuring a streamline design offering simple deployment and improved manoeuvrability.
