

JASON'S CRADLE

The Jason's Cradle® MOB system is SOLAS approved as embarkation ladders, and designed to retrieve people quickly and horizontally from the water.

Key features

- The standard unit is suitable for most vessels with up to 3m freeboard and is offered in three width options
- The FRC kit is suitable for all fast rescue craft and is offered in two width options
- The rescue stretcher unit is suitable for high sided vessels, diver recovery and quayside rescue and is offered in two sizes
- The scramble net is suitable for high sided vessels, rescue zones and mass recovery/evacuation
