

# MK8 IMMERSION SUIT

**The MK8 non-insulated immersion suit has been designed as an easy don, lightweight immersion suit.**

It is manufactured using tough polyurethane coated nylon fabric and the high visibility colour greatly improves survivor location, especially in low light conditions.

The MK8 is designed to give a generous fit and is available in two sizes, universal and extra large, which will accommodate a wide range of personnel. When packed in its valise it is extremely compact and can be stowed easily for emergency situations.
